

Risk Assessment Reception March 2021

Location / Site	
Boundary Primary School	
Activity / Procedure	
NURSEY and RECEPTION Tier 3 update	
Assessment date	
July 2020 (updated September 2020, updated 25.9.20, updated 20.10.20, updated 04.10.20, updated 23.11.20, updated 4.1.21, updated 8.1.21, updated 26.1.21, updated 12.02.21, updated 26.02.21)	
Assessment serial number	

Identify people at risk	YES or NO
Employees	YES
Children	YES
Visitors	YES
Contractors	YES

Identify hazard		Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards	
Lack of social distancing in the classroom resulting in direct transmission of the virus			
Existing level of risk		Consider current level of risk	
HIGH	MEDIUM	LOW	NEGLIGIBLE
Control measures		List your control measures required to reduce risk – add appropriate detail about the type and location of controls	
<p>We have to accept that children of this age will not be able to adhere to social distancing.</p> <ol style="list-style-type: none"> 1. Create year group bubbles – children and staff 2. Reception classes remain as separate as possible from each other 3. Remove excess furniture to increase space and remove all resources that cannot be washed regularly 4. Use outside learning opportunities whenever possible. 5. Reception outside area to be used by separate classes, hands sanitised before and after. 6. Shared resources selected for use during the day and cleaned after session. 7. Individual resources given to children to avoid sharing when appropriate 8. New classroom rules set up for lining up, washing hands etc (modelled by teacher daily and linked to reward system) 9. Sinks and toilets colour-coded to match the class colour. 10. Rules re-visited and modelled many times a day and linked to school behaviour system – lots of praise for adherence and sanctions for non-compliance 11. Staff and child interactions to be at a distance where this is possible. 12. Staff to remain at adult height where this is possible. 13. Tape out a dedicated area for the teacher/staff around white board 14. Taped area must be used by PPA teacher and cover teachers – 2m around whiteboards (for those who are not in a dedicated bubble) 15. Allocate sitting spots for carpet sitting 16. PPE to be used at all times when carrying out any intimate care 17. Children will not mix with other groups across school 18. Each ‘year group bubble’ will remain in their designated classrooms and outdoor space. They will not mix with other groups or other members of staff. Reception to remain in split outdoor space. 19. Designated pegs / drawers to be used for storing lunch, coats, PE kits etc 20. Named water cup for each child 21. Compulsory hand washing and hand sanitising on arrival and after certain activities including lunch and PE, children with sensitive skin may provide their own hand sanitiser / soap or hand wipes from home or wear gloves. 22. Usual fire procedures in place with social distancing to be adhered to, where possible. Hands to be sanitised and washed on return into school. 23. Conversations to be had side by side and not face to face between staff and children. 24. No or limited singing (providing children back to back or outside) <p><i>Control measures will be monitored by phase leader and senior leaders following the Risk Assessment Monitoring Plan which details the control measures and frequency of monitoring.</i></p>			
Remaining level of risk		Consider level of risk following use of control measures	
HIGH	MEDIUM	LOW	NEGLIGIBLE

Identify hazard		Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards	
Lack of ventilation resulting in direct transmission of the virus			
Existing level of risk		Consider current level of risk	
HIGH	MEDIUM	LOW	NEGLIGIBLE
Control measures		List your control measures required to reduce risk – add appropriate detail about the type and location of controls	
<ol style="list-style-type: none"> 1. All doors and windows opened before the children arrive, during break/lunch when the children are outside and at the end of the day. 2. A window(s) must be open during the day (may close if cold, but must be open for a short while each hour). 3. Internal doors to be open. 4. Children and staff may wear an extra layer if needed. 5. When using the hall, the windows and doors to be open (main gate closed) 6. When using the dance studio, both doors to be open and the staffroom room door. 7. All staffrooms/offices to have windows open during the day. <p><i>Control measures will be monitored by phase leader and senior leaders following the Risk Assessment Monitoring Plan which details the control measures and frequency of monitoring.</i></p>			
Remaining level of risk		Consider level of risk following use of control measures	
HIGH	MEDIUM	LOW	NEGLIGIBLE

Identify hazard		Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards	
Lack of social distancing using toilets and general hygiene resulting in direct and indirect transmission of the virus			
Existing level of risk		Consider current level of risk	
HIGH	MEDIUM	LOW	NEGLIGIBLE
Control measures		List your control measures required to reduce risk – add appropriate detail about the type and location of controls	
<ol style="list-style-type: none"> 1. Where possible, only one pupil allowed to go to toilet at a time 2. Sinks and toilets colour-coded to match the class colour. 3. All sinks to be used on arrival and then protect sprayed by staff. 4. Paper towels to be used for hand drying. 5. Sanitiser used before and after toilet use as well as washing hands 6. Extra Signs in toilet re washing hands 7. Soap and sanitiser stocks monitored by site staff, to ensure we do not run out 8. Toilets cleaned each evening 9. Children to wear regularly cleaned uniform. <p style="text-align: center;"><i>Control measures will be monitored by phase leader and senior leaders following the Risk Assessment Monitoring Plan which details the control measures and frequency of monitoring</i></p>			
Remaining level of risk		Consider level of risk following use of control measures

Identify hazard	Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards		
Contact with unwell child or child displaying symptoms of COVID 19 resulting in indirect transmission of the virus			
Existing level of risk	Consider current level of risk		
HIGH	MEDIUM	LOW	NEGLIGIBLE
Control measures	List your control measures required to reduce risk – add appropriate detail about the type and location of controls		
<ol style="list-style-type: none"> 1. FB messages and website makes clear children should not attend school if they display any covid symptoms, or if a member of the family does. 2. If a child or family member is displaying symptoms the child cannot return until a negative test result has been confirmed and agreed return with school or current isolation guidelines followed. 3. Only children who are symptom free or have completed the required isolation period attend the school 4. Only one parent, who is symptom free (or have completed the required isolation periods) will be able to drop off or collect their child. 5. If a child begins to display a continuous cough, a high temperature or loss of sense of smell or taste, they will be sent home to isolate per the guidelines and request a test. 6. Staff to wear full PPE when dealing with a child displaying any covid symptoms. 7. When waiting to be collected, the child is to be isolated in front office with the door open for ventilation or outside if weather permitting. This area is to be cleaned after the child has left. 8. If they need to go to the toilet while waiting to be collected, they are to use the disabled toilet - this should be cleaned and disinfected using standard cleaning products before being used by anyone else. 9. If a member of staff has helped someone who displayed symptoms, they do not need to go home unless they develop symptoms themselves. They should wash their hands thoroughly. 10. The person responsible for cleaning the area should wear appropriate PPE 11. In the event of a staff member developing suspected coronavirus symptoms whilst working at school, they should return home immediately and isolate at home in line with the NHS guidance 12. If a child or member of staff becomes ill, then they must be tested. Siblings must also go home. They will only be allowed back to school after a negative test result. Parents must show the test result to school 13. The bubble classroom must be cleaned. 14. If there is a positive test result school will inform Public Health Blackpool and the DfE helpline and follow their instructions. 15. Facebook reminders sent weekly to parents about not sending children in who are unwell or showing COVID 19 symptoms. <p><i>Control measures will be monitored by phase leader and senior leaders following the Risk Assessment Monitoring Plan which details the control measures and frequency of monitoring</i></p>
