

Boundary Primary School. January 2021

Note on discussion with school staff on the SERP.

The school SERP (Special Education Needs Provision) was deemed official from January 2021. The provision is designed to focus on the social, emotional and mental health (SEMH) needs of children within their care.

Suzanne and her staff worked hard in first term to ensure the contract Governors entered into with Blackpool LA was robust, without obvious loopholes and was financially viable from the school going forward.

The accommodation, which only provides for pupils with an EHCP, was refreshed and resourced to ensure a very welcoming environment. Staff were upskilled and trained, enabling them to ensure individual learning for each pupil.

Sadly, due to current Covid restrictions, the unit has not been able to fully operate as planned. Currently there are 3 pupils, receiving great individual attention. The school and staff look forward to the day when the unit can operate at its designated capacity of 12 pupils.
