

Maths- In Maths we are learning about shapes.

Can you go on a hunt around the house and keep track of what 3D shapes you can find.

Here is an example of some household objects!

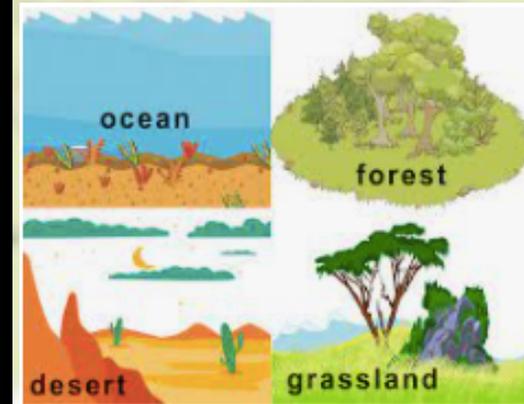

Reading into Writing- We will be writing our own twisted fairytales this half term. For your homework, write a character description about your favourite fairytale character. Remember:

- Strong adjectives
- Discuss what they look like
- How they behave
- What they smell and sound like
- Capital letters and full stops.
- BONUS dojos for a simile!!

Remember to read at least 3 times a week! Remember you can also log onto reading plus at home!

Your weekly spellings will be on Spelling Shed so please remember to log on and practise them! It is very important.

Summer 2 BLT

Science- In science we are learning about animals and their habitats. Can you create a model habitat? Think about which animals you want to choose and where that animal would live. If you don't have the resources to this, you could design it on a computer or do a sketch of you model on paper.
