

YEAR 4 BLT SUMMER 2

Maths

Made different 3D shapes. Can you use your knowledge of the shape to write on its angles and any lines of symmetry?

Reading into Writing BIG CHALLENGE!

Learn a classic poem off by heart (Shakespeare's Sonnets are great ones!). Once you have learned it, come into school and dazzle the class !

Geography

Make a model of the UK's coastline.
Label some of the towns and cities you know and/or have visited.

PE Challenge!

Don't forget to continue our 'Road to Toyko' challenge!

Reading Challenge!

Can you improve your average score on Reading Plus?
Remember our class target is 80% but if you can better that then that's amazing!

Science

This half term we will be learning all about Plants.

Make a model of our a plant and label all its different parts (including their functions).

French

Have a look online, or maybe you have one at home, for one of the well-known stories we have been learning in French and amaze the people at home by telling them some of it in French!
