

Geography

We will be learning about mountains this term!

Your task is to label 10 different Mountains (or mountain ranges) on the map provided.

Can you find out any interesting mountain facts?

Science

Our topic for this term is 'Earth and Space'. Choose from the following:

Make a model or diagram that explains how the Earth and moon orbit around the sun.

or

Create a piece of artwork that is related to the order of the planets, or focussed on one planet in particular.

or

Create a rap or song that explains the phases of the moon.

Boundary Learning Together - Year 5, Autumn 1

You can either complete one task a week and bring them in weekly or you can complete them all at once and bring them in on the last Thursday of term.

You will also receive weekly spellings to learn and weekly homework tasks on Maths.co.uk and SPAG.com. Weekly homework will be released each Friday and must be completed by the following Thursday. Children will be expected to stay in at break time to complete the work that has not been done at home, in line with the school policies. Children are encouraged to ask for help from their class teacher before the Thursday it is due in!

Thank you.

Miss Starkey and Mr. Parsons

Reading into Writing: Write a detailed book review about the Home Reading book you have read within the last month or about any text from Reading Plus.

Maths: Learn your times tables. Your task is to use TTRS, a multiplication grid or practice sheets to learn them. You will be tested at the end of the half-term to see how much progress you have made!

RE

We will learn about the reasons why lots of places of worship have stained-glass windows.

Design and create your own stained-glass window. You can use any material you like!

Art

We will be creating different type fonts onto maps and papers.

Can you create a font style for your own name?

Music

Create a list of your family's favourite songs. They may have more than one! Challenge: the same song can't be on the list more than once!
